

A Puzzle with the Answer of DOZEN

ACTUAL ANSWER: WRINKLE

Written by: Orion Bloomfield

This puzzle combines a falling word crush game with a letter substitution cipher. Starting with DOZEN at the bottom, based on how you fill in the number substitutes, it is a logic puzzle to find new baking-related terms within the mess and break them out! By the end of the puzzle, the hunter gets the title, KNEADING INSTRUCTIONS, and is informed to submit that as their answer. Once submitting, they are required to send hq 10 bread-pun rhyming couplets to get the final answer: WRINKLE
